500 Francis Dr  
College Station, Texas, 77840

**OBJECTIVE**

Master of Architecture candidate with professional experience in municipal, institutional, and planning- focused projects. Seeking full time architectural roles that integrate thoughtful design, sustainability, and community-oriented solutions.

**EDUCATION**

**Texas A&M University (TAMU)**, College Station, Texas  
*Master of Architecture*

- **Thesis Focus:** Adaptive reuse and community- centered resilience in suburban landscapes

*Bachelor of Environmental Design, Minor in Sustainable Architecture and Planning*

- Developed a foundation in architectural design, environmental systems, and sustainable planning through studio-based coursework and interdisciplinary projects.

**STUDY ABROAD**

**University of Florence**, Florence Italy

**Paris College of Art & Design**, Florence Italy

- Studied architectural design and urban form through immersive coursework and site-based analysis in Florence, engaging with historic and contemporary European architecture.

**TECHNICAL SKILLS**

Revit, AutoCAD, Rhino, Adobe InDesign, Adobe Illustrator ,Adobe Photoshop, Enscape, Lumio, SketchUp

**PROFESSIONAL  
EXPERIENCE**

**BRW Architects**, College Station, Texas

*Architectural Intern, May 2025 - Present*

- Contributes to the design development and construction document phases of a new municipal fire station, coordinating across disciplines to refine plans and details
- Produces construction drawings, design elevations, and technical details under the supervision of project architects
- Coordinates finish selections and material palettes to support cohesive interior design decisions

**DLR Group**, Austin, Texas

*Architectural Intern, May 2022 - August 2022*

- Contributed to K–12 long range planning efforts supporting a \$2.44B voter-approved bond program
- Prepared and analyzed planning data, reports, and committee materials
- Conducted site visits to assess existing campus conditions and inform facility needs.

**ACTIVITIES**

**American Institute of Architecture Students**, 2021-2023

**Gamma Phi Beta**, 2020-2023

**PUBLICATIONS**

**Dezeen**, *Mass Timber Workforce Housing Project*, 2024

**HONORS**

**Outstanding Graduate Project - Texas A&M University College of Architecture  
Celebration of Excellence**, Spring 2025
